

Index to the La Salle Daily Tribune

Volunteers with the La Salle County Genealogical Guild are working to expand the name index for the La Salle Daily Tribune, predecessor to the NewsTribune. The current index covering years 1906 to 1915, is available in only paper format. The Peru Public Library has a copy in our local history and genealogy collection. The new index begins with the year 1916 and has reached 20 August 1920 and has 151 pages with 6,337 names. The index is in alphabetical order for quick searching. As the index expands, the pdf will be updated, so check back on a regular basis.

The index lists births, marriages, divorces, and deaths reported in the NewsTribune and its earlier incarnations. The index provides the person's name, type of event and a newspaper date. Area libraries, including Peru and LaSalle, have the microfilm copies of the NewsTribune available for use by researchers.

Thank you to project volunteers Rachael Mellen, Alice Mellen, Jenan Jobst, Ruth Dipple, and Susanne Beguin.
