Peru's 125th Birthday Edition

Indexed by Jeffrey Brylski

Index completed July 2018

The following is an index of the various people, topics, and photographs which appear in the News-Tribune celebrating the city of Peru's 125th Birthday. The edition contains three sections, each beginning with page 1, but no section numbers.

The 'Front-page' section has 24 pages. The second section, 20 pages long, begins with the full-page photograph, "Peru Looks Ahead on Anniversary". Section 3 is 24 pages, beginning with an aerial photograph of the new Illinois River bridge.

Should you prefer to see an actual copy of the 125th Birthday, the Peru Public Library has copies in their archives, as does the Richard A. Mautino (Spring Valley) Public Library.

Thanks to Jeff Brylski's indexing of the 125th Birthday edition of the Daily News-Tribune researchers have another resource for searching family, friends and local events.
