INDEPENDENT AUDITORS' REPORT

This section includes the opinion of the Library's independent auditing firm.

INDEPENDENT AUDITOR'S REPORT

November 2, 2022

Members of the Board of Trustees
Peru Public Library District
City of Peru, Illinois

Opinions

We have audited the accompanying modified cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Peru Public Library District, Illinois, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Library's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Peru Public Library District, Illinois, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with the modified cash basis of accounting as described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Library, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting described in Note 1, and for determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Library's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Peru Public Library District, Illinois' basic financial statements. The other supplementary information is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2022

Our discussion and analysis of the Library, Illinois' financial performance provides an overview of the Library's financial activities for the fiscal year ended June 30, 2022. Please read it in conjunction with the financial statements.

FINANCIAL HIGHLIGHTS

- The Library's net position increased by \$230,947, or 18.7 percent, as a result of this year's operations.
- During the year, government-wide revenues totaled \$834,117, while expenses totaled \$603,170, resulting in an increase to net position of \$230,947.
- The Library's net position totaled \$1,467,800 on June 30, 2022, which includes \$620,521 net investment in capital assets, \$245,624 subject to external restrictions, and \$601,655 unrestricted net position that may be used to meet the ongoing obligations to citizens and creditors.
- The General Fund reported an increase fund balance for the current year of \$123,378, resulting in ending fund balance of \$521,706, an increase of 31.0 percent.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the Library as a whole and present a longer-term view of the Library's finances. The government-wide financial statements provide readers with a broad overview of the Library's finances, in a matter similar to a private-sector business. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Library's operations in more detail than the government-wide statements by providing information about the Library's most significant funds.

Government-Wide Financial Statements

The Statement of Net Position reports information on all of the Library's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Library is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the Library's property tax base, is needed to assess the overall health of the Library.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2022

USING THIS ANNUAL REPORT – Continued

Government-Wide Financial Statements – Continued

Both of the government-wide financial statements report functions of the Library that are principally supported by taxes and charges for services revenues (governmental activities). The governmental activities of the Library include the cultural and recreation function.

Governmental Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Library, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Library are reported as governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Library's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Library maintains three individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Capital Projects Fund and the Working Cash Fund, which are considered major funds. The Library adopts an annual appropriated budget for all of the governmental funds. A budgetary comparison schedule for all funds has been provided to demonstrate compliance with this budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2022

USING THIS ANNUAL REPORT – Continued

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain other supplementary information concerning the Library's I.M.R.F. employee pension obligations and budgetary comparison schedules for the General Fund, the Capital Projects Fund, and the Working Cash Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Library, assets exceeded liabilities by \$1,467,800.

	Net Position	
	2022	2021
Current Assets	\$ 851,174	620,553
Capital Assets	620,521	657,756
Total Assets	<u>1,471,695</u>	<u>1,278,309</u>
Long-Term Debt	-	17,298
Other Liabilities	3,895	24,158
Total Liabilities	<u>3,895</u>	<u>41,456</u>
Net Position		
Net investment in Capital Assets	620,521	619,973
Restricted	245,624	186,502
Unrestricted	<u>601,655</u>	<u>430,378</u>
Total Net Position	<u>1,467,800</u>	<u>1,236,853</u>

A large portion of the Library's net position, \$620,521 or 42.3 percent, reflects its investment in capital assets (for example, land, buildings and improvements, furniture and equipment), less any related debt used to acquire those assets that is still outstanding. The Library uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion, \$245,624 or 16.7 percent, of the Library's net position represents resources that are subject to external restrictions on how they may be used. The remaining 41.0 percent, or \$601,655, represents unrestricted net position that may be used to meet the government's ongoing obligations to citizens and creditors.

Interest Income	6,852	12,410
Miscellaneous	7,800	352
Total Revenues	<u>834,117</u>	<u>753,791</u>
Expenses		
Culture and Recreation	602,617	556,542
Interest and Fiscal Charges	553	7,114
Total Expenses	<u>603,170</u>	<u>563,656</u>
Change in Net Position	230,947	190,135
Net Position - Beginning	<u>1,236,853</u>	<u>1,046,718</u>
Net Position - Ending	<u>1,467,800</u>	<u>1,236,853</u>

Net position of the Library's governmental activities increased by 18.7 percent (\$1,467,800 in 2022 compared to \$1,236,853 in 2021). Unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints, totaled \$601,655 at June 30, 2022.

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

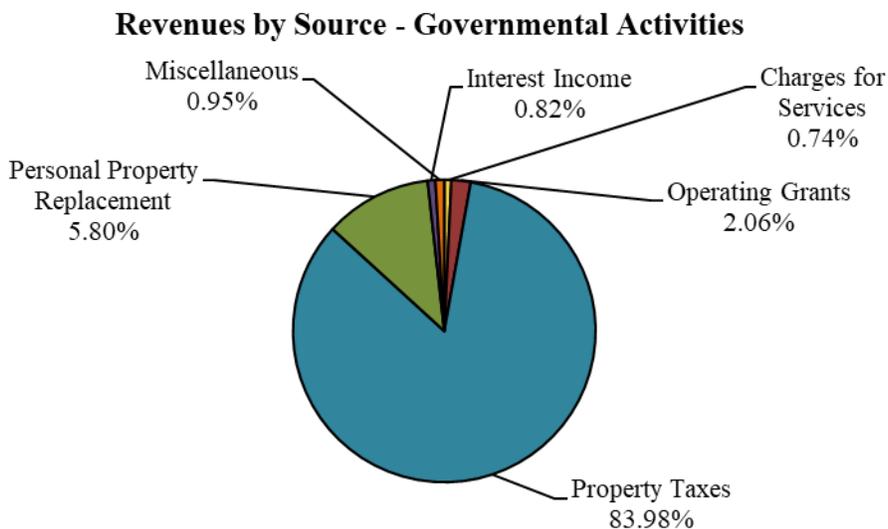

Management's Discussion and Analysis June 30, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Revenues for governmental activities totaled \$834,117, while the cost of all governmental functions totaled \$603,170. This results in a surplus of \$230,947. In 2021, revenues totaled \$753,791 while the cost of all functions totaled \$563,656 resulting in a surplus of \$190,135. The increase for 2022 was the result of an increase in property taxes of \$29,653 and personal property replacement taxes of \$51,700.

The Library relies on a combination of user fees and taxes to fund its services and programs. While the primary source of fund is property taxes.

The following table graphically depicts the major revenue sources of the Library. It depicts very clearly the reliance of property taxes to fund governmental activities. It also clearly identifies the less significant percentage the Library receives from replacement and other taxes.

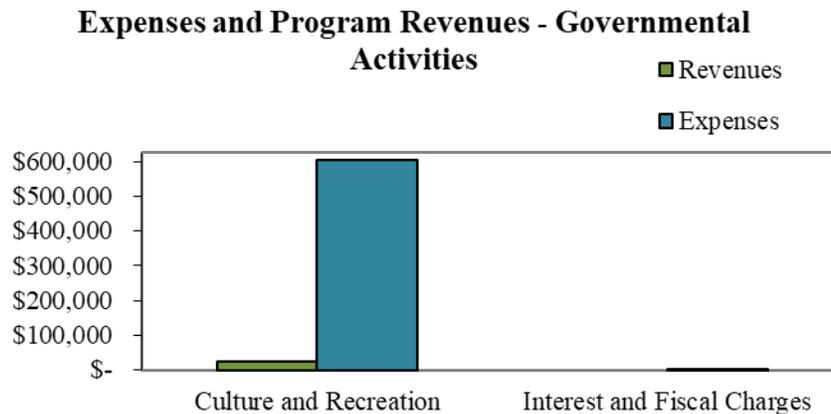

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

The 'Expenses and Program Revenues' Table identifies that governmental functions are not supported by program revenues. All functions of the Library are supplemented with receipts from property taxes, replacement taxes, interest income and miscellaneous income (general revenues).

FINANCIAL ANALYSIS OF THE LIBRARY'S GOVERNMENTAL FUNDS

As noted earlier, the Library uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the Library's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The Library's governmental funds reported combining ending fund balances of \$847,279, which is \$230,399, or 37.4 percent, more than last year's total of \$616,880. Of the \$847,279 total, (\$12,202), of the fund balance constitutes unassigned fund balance.

The General Fund reported an increase in fund balance for the year of \$123,378, an increase of 31.0 percent. Total revenues in the General Fund came in \$52,200 over budget. At the same time, expenditures of \$529,167 came in \$75,824 under budget; therefore, resulting in an overall increase to the fund of \$123,378. The General Fund is the chief operating fund of the Library. At June 30, 2022, unassigned fund balance in the General Fund was \$276,082, which represents 52.9 percent of the total fund balance of the General Fund. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance in the General Fund represents approximately 52.2 percent of total General Fund expenditures.

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

**Management’s Discussion and Analysis
June 30, 2022**

FINANCIAL ANALYSIS OF THE LIBRARY’S GOVERNMENTAL FUNDS – Continued

The Capital Projects Fund reported a decrease of \$22,662 to fund balance, which was originally budgeted at a decrease of \$37,484. Ending fund balance is reported a deficit \$288,284. This decrease in the current year is due to planned spending and paying off the installment contract.

The Working Cash Fund reported an increase of \$129,683 to fund balance, which was originally budgeted to have no change. Ending fund balance is reported at a surplus of \$613,857. This was due to the planned receipts of property taxes and no spending during the year.

GENERAL LIBRARY FUND BUDGETARY HIGHLIGHTS

The Library’s Board did not make any budget amendments to the General Fund during the year. General Fund actual revenues for the year totaled \$652,545, compared to final budgeted revenues of \$600,345. This was mainly due to replacement taxes and interest revenues being higher than budgeted.

The General Fund actual expenditures for the year were \$75,824 lower than budgeted (\$529,167 actual compared to \$604,991 final budgeted). This was due to all expenditures coming in lower than budgeted.

CAPITAL ASSETS AND DEBT ADMINISTRATION

The Library’s investment in capital assets for its governmental activities as of June 30, 2022 was \$620,521 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements, furniture and equipment, and library materials.

	<u>Capital Assets - Net of Depreciation</u>	
	<u>2022</u>	<u>2021</u>
Land	\$ 10	10
Buildings and Improvements	543,026	594,660
Furniture and Equipment	16,922	2,693
Library Materials	60,563	60,393
	<hr/>	<hr/>
Total	<u>620,521</u>	<u>657,756</u>

CAPITAL ASSETS AND DEBT ADMINISTRATION – Continued

This year’s major additions included:

Furniture and Equipment	\$	18,802
Library Materials		<u>33,112</u>
		<u>51,914</u>

Additional information on the Library’s capital assets can be found in Note 3 of this report.

Debt Administration

At year-end, the Library had no outstanding bonded debt, a decrease of \$37,783. The following is a comparative statement of outstanding debt:

	<u>Long-Term Debt Outstanding</u>	
	<u>2022</u>	<u>2021</u>
Installment Contract	\$ -	<u>37,783</u>

Additional information on the Library’s long-term debt can be found in Note 3 of this report.

ECONOMIC FACTORS AND NEXT YEAR’S BUDGET AND RATES

The Library’s elected and appointed officials considered many factors when setting the fiscal year 2023 budget and the associated property tax rates and charges for services.

In preparing the budget, the Library Board, Management and Treasurer take into consideration long-term goals of the Library, along with any unforeseen expenses that might occur, as well as the potential impact of current economic conditions.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Library’s finances for all those with an interest in the government’s finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Peru Public Library District at 1409 11th Street, Peru, IL 61354.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities - Modified Cash Basis - Governmental Activities**

For the Fiscal Year Ended June 30, 2022

Net Change in Fund Balances \$ 230,399

Amounts reported in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	51,914
Depreciation Expense	(89,149)
Disposals - Cost	(27,746)
Disposals - Accumulated Depreciation	27,746

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Retirement of Debt	<u>37,783</u>
--------------------	---------------

Changes in Net Position 230,947

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Peru Public Library District (Library), Illinois operates under a Board of Trustees form of government. The basic financial statements of the Library have been presented on a modified cash basis of accounting. The modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements. The more significant of the Library's accounting policies are described below.

REPORTING ENTITY

In determining the financial reporting entity, the Library complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the Library. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

BASIS OF PRESENTATION

Government-Wide Statements

The Library's basic financial statements include both government-wide (reporting the Library as a whole) and fund financial statements (reporting the Library's major funds). The Library's general administrative, public safety services, and highways and streets services are classified as governmental activities.

In the government-wide Statement of Net Position, the governmental activities are: (a) presented on a consolidated basis and (b) reported on a modified cash basis. The Library's net position is reported in three parts: investment in capital assets; restricted; and unrestricted. The Library first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Library's functions. The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.).

The Library does not allocate indirect or administrative service costs.

This government-wide focus is more on the sustainability of the Library as an entity and the change in the Library's net position resulting from the current year's activities.

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2022

BASIS OF PRESENTATION – Continued

Fund Financial Statements

The financial transactions of the Library are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues and expenditures/expenses. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund type is used by the Library:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Library:

General Fund is the general operating fund of the Library. It accounts for all revenues and expenditures of the Library which are not accounted for in other funds. The General Fund is a major fund.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Library maintains one Capital Projects Fund and is treated as a major fund.

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs, that is, for the benefit of the government or its citizenry. The Working Cash Fund, a major fund, is used to account for the financial resources held by the Library to be used for loans for working capital requirement.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the “current financial resources” measurement focus is used.

The accounting objectives of the “economic resources” measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the modified cash basis of accounting. This basis recognized revenue when cash is received and expenditures are recorded when payment is made. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

ASSETS, LIABILITIES, AND NET POSITION

Cash and Investments

Cash and cash equivalents on the Statement of Net Position are considered to be cash on hand, demand deposits, cash with fiscal agent. Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Library categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Library has no investment at year-end.

Capital Assets

Capital assets purchased or acquired with an original cost of more than \$5,000, depending on asset type, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Library as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS, LIABILITIES, AND NET POSITION – Continued

Capital Assets – Continued

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings and Improvements	15 - 50 Years
Furniture and Equipment	10 Years
Library Materials	5 Years

Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities.

In the fund financial statements, governmental fund types recognize debt issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the ac

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of “restricted” or “investment in capital assets.”

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The Library follows these procedures in establishing the budgetary data reflected in the financial statements:

- Prior to September 1, the Director submits to the Board of Trustees a proposed operating budget for the fiscal year commencing July 1. The proposed appropriation ordinance includes both expenditures and estimated revenues.
- Prior to the 4th Tuesday of September, the budget is to be legally enacted through passage of an ordinance by approval of the Board of Trustees and signature of the Library President. The appropriation ordinance may be amended at fund, purpose or object level by a two-thirds vote of the Board of Trustees, but may not amend the total appropriation unless there are additional funds available in the amount of the increase of total appropriations.
- Appropriations under each annual ordinance lapse when the new annual ordinance is enacted.
- Formal budgetary integration is employed as a management control device at the fund level during the year for the General Fund
- The Library made no amendments to the original budget.

DEFICIT FUND BALANCE

The following fund had deficit fund balance as of the date of this report:

Fund	Deficit
Capital Projects	\$ 288,284

NOTE 3 – DETAIL NOTES ON ALL FUNDS

Interfund balances are advances in anticipation of receipts to cover temporary cash shortages.

The composition of interfund balances as of the date of this report, is as follows:

Receivable	Payable	Amount
General	Capital Projects	<u>\$ 288,284</u>

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS

The Library maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the Library's funds.

Permitted Deposits and Investments – Statutes authorize the Library to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, which is the price for which the investment could be sold.

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk

Deposits. At year-end, the carrying amount of the Library's deposits totaled \$415,264 and the bank balances totaled \$415,264. In addition, the Library had \$435,910 invested in the Illinois Funds with an average maturity of less than one year.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Library does not have an investment policy that addresses interest rate risk.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The does not have an investment policy that addresses credit risk.

Concentration Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the Library's investment in a single issuer. The Library does not have an investment policy that addresses concentration risk.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Library's deposits may not be returned to it. The Library does not have an investment policy for custodial credit risk. At year-end, the entire amount of the bank balance of deposits was covered by collateral, federal depository or equivalent insurance.

PROPERTY TAXES

Property taxes for 2021 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about July 7 and September 7. The County collects such taxes and remits them periodically.

CAPITAL ASSETS

Governmental Activities

Governmental capital asset activity for the year was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
Nondepreciable Capital Assets				
Land	\$ 10	-	-	10
Depreciable Capital Assets				
Buildings and Improvements	1,341,848	-	-	1,341,848
Furniture and Equipment	40,403	18,802	-	59,205
Library Materials	145,472	33,112	27,746	150,838
	<u>1,527,723</u>	<u>51,914</u>	<u>27,746</u>	<u>1,551,891</u>
Less Accumulated Depreciation				
Buildings and Improvements	747,188	51,634	-	798,822
Furniture and Equipment	37,710	4,573	-	42,283
Library Materials	85,079	32,942	27,746	90,275
	<u>869,977</u>	<u>89,149</u>	<u>27,746</u>	<u>931,380</u>
Total Net Depreciable Capital Assets	<u>657,746</u>	<u>(37,235)</u>	<u>-</u>	<u>620,511</u>
Total Net Capital Assets	<u>657,756</u>	<u>(37,235)</u>	<u>-</u>	<u>620,521</u>

Depreciation expense of \$89,149 was charged to the culture and recreation function.

NET INVESTMENT IN CAPITAL ASSETS

Net investment in capital assets was comprised of the following as of June 30, 2022:

Governmental Activities	
Capital Assets - Net of Accumulated Depreciation	<u>\$ 620,521</u>

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

FUND BALANCES CLASSIFICATION

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

	General	Capital Projects	<u>Permanent</u> Working Cash	Totals
Fund Balances				
Nonspendable				
Working Cash	\$ -	-	613,857	613,857
Restricted				
Donations	8,561	-	-	8,561
Social Security	5,655	-	-	5,655
IMRF	31,339	-	-	31,339
Audit	18,190	-	-	18,190
Liability Insurance	181,879	-	-	181,879
	<u>245,624</u>	-	-	<u>245,624</u>
Unassigned	<u>276,082</u>	<u>(288,284)</u>	-	<u>(12,202)</u>
Total Fund Balances	<u>521,706</u>	<u>(288,284)</u>	<u>613,857</u>	<u>847,279</u>

In the governmental fund financial statements, the Library considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Library first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

**Notes to the Financial Statements
June 30, 2022**

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

FUND BALANCES CLASSIFICATION – Continued

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Trustees’ intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Trustees itself or b) a body or official to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. The Library’s highest level of decision-making authority is the Board of Trustees, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The Library’s policy states that the General Fund will maintain a minimum fund balance of 25% of current budgeted expenditures.

LONG-TERM DEBT

Installment Contract Payable

The Library issued an installment contract payable to provide funds for the purchase of capital assets. Installment contract currently outstanding are as follows:

Issue	Beginning Balances	Issuances	Retirements	Ending Balances
\$219,395 Installment Contract of 2018 dated September 18, 2018 due in monthly installments of \$1,013 to \$1,744 plus interest at 4.50% through January 18, 2029.	\$ 37,783	-	37,783	-

Long-Term Liability Activity

Changes in long-term liabilities during the fiscal year were as follows:

Type of Debt	Beginning Balances	Additions	Deductions	Ending Balances	Amounts Due within One Year
Governmental Activities Installment Contract	\$ 37,783	-	37,783	-	-

The installment contract is liquidated by the Capital Projects Fund.

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2022

NOTE 4 – OTHER INFORMATION

CONTINGENT LIABILITIES

Risk Management

The Library is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Library's employees. The Library has purchased insurance from private insurance companies. Risks covered included certain types of liabilities and bonds. Premiums have been displayed as expenditures/expenses in appropriate funds. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

Litigation

The Library is not a defendant in any lawsuits.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Library expects such amounts, if any, to be immaterial.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

Illinois Municipal Retirement System

Plan Description

The Library contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Plan Administration. All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Illinois Municipal Retirement System – Continued

Plan Description – Continued

Benefits Provided – Continued All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2021, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	1
Inactive Plan Members Entitled to but not yet Receiving Benefits	2
Active Plan Members	<u>8</u>
Total	<u><u>11</u></u>

Contributions. As set by statute, the Library’s Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the fiscal year-ended June 30, 2022, the Library’s annual contribution rate was 10.35% of covered payroll.

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

**Notes to the Financial Statements
June 30, 2022**

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Illinois Municipal Retirement System – Continued

Plan Description – Continued

Net Pension Liability. The Library’s net pension liability was measured as of December 31, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The following are the methods and assumptions used to determine total pension liability at December 31, 2021:

IMRF	
Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions	
Interest Rate	7.25%
Salary Increases	2.85% - 13.75%
Cost of Living Adjustments	3.25%
Inflation	2.25%

For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

PERU PUBLIC LIBRARY DISTRICT, ILLINOIS

**Notes to the Financial Statements
June 30, 2022**

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Illinois Municipal Retirement System – Continued

Plan Description – Continued

Actuarial Assumptions – Continued.

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	25.00%	(0.60%)
Domestic Equities	39.00%	1.90%
International Equities	15.00%	3.15%
Real Estate	10.00%	3.30%
Blended	10.00%	1.70% - 5.50%
Cash and Cash Equivalents	1.00%	(0.90%)

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same in the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Library contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund’s fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the net pension liability of the Library calculated using the discount rate as well as what the Library’s net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net Pension Liability	\$ 161,803	117,816	79,382

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the Library recognized on a cash basis pension expense of \$26,777. At June 30, 2022, the Library would report on a GAAP basis, deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Totals
Differences Between Expected and Actual Experience	\$ 14,275	-	14,275
Changes of Assumptions	2,025	(986)	1,039
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	(12,889)	(12,889)
Total Pension Expense to be Recognized in Future Periods	16,300	(13,875)	2,425
Pension Contributions Made Subsequent to the Measurement Date	13,868	-	13,868
Total Deferred Amounts Related to IMRF	<u>30,168</u>	<u>(13,875)</u>	<u>16,293</u>

\$13,868 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date and would recognize as a reduction of the net pension liability in the reporting year ended June 30, 2023, on a GAAP basis. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

2023	\$ 1,167
2024	298
2025	541
2026	(333)
2027	717
Thereafter	<u>35</u>
Total	<u><u>2,425</u></u>

NOTE 4 – OTHER INFORMATION – Continued

OTHER POST-EMPLOYMENT BENEFITS PLAN

The Library has evaluated its potential other post-employment benefits liability. Former employees who choose to retain their rights to health insurance through the Library are required to pay 100% of the current premium. However, there is minimal participation. As the Library provides no explicit benefit, and there is minimal participation, there is no material implicit subsidy to calculate in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*. Therefore, the Library has not recorded a liability as of June 30, 2022.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

- Schedule of Employer Contributions
 Illinois Municipal Retirement Fund

- Schedule of Changes in the Employer's Net Pension Liability
 Illinois Municipal Retirement Fund

- Budgetary Comparison Schedule
 General Fund
 Capital Projects Fund
 Working Cash – Permanent Fund

Notes to the Other Supplementary Information

Budgetary Information – Budgets are adopted on a cash basis.

INDIVIDUAL FUND DESCRIPTIONS

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

CAPITAL PROJECTS FUND

The Capital Projects Fund is used to account for all resources used for the acquisition of capital facilities by the Library.

PERMANENT FUND

Permanent Funds are created to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs, that is, for the benefit of the government or its citizenry.

Working Cash Fund

The Working Cash Fund is used to account for the financial resources held by the Library to be used for loans for working capital requirement.
