

The Daily Post- Tribune

1943 Men in Service / Stars and Stripes Index

Indexed by Gregory Brate

Index Completed November 2022

A microfilm copy of The Daily Post-Tribune is available at the Peru Public Library

On April 10th, 1942, The Daily Post-Tribune started a daily column called Men in Service that was dedicated to local men and women serving in the Military during World War 2. On May 1, 1943, the name of the column was changed to Stars and Stripes. This column included news about promotions, transfers, letters home, home and military addresses, etc., and often included pictures. This information was mostly gathered by the family and friends of those serving.

This index includes names, branch of service, rank, home town, and if there is a picture. Hopefully, this index will serve as another resource for those researching local heroes who served in World War 2.
